ANALYSIS OF STUDENT FEEDBACK FORMS

Students are always welcome with their suggestions and views. An educational institution is the main source of students overall development. They are acknowledged by inviting their feedbacks to fulfil their expectations and aspirations. A random questionnaire regarding the facilities provided by the college was prepared for the students of the college inviting their views. Data so collected was tabulated and was subjected to the statistical analysis. This analysis was very motivating and encouraging for the college. The views and suggestions of the students have been reviewed and balanced decisions have been made for their betterment. The analysis is as follows.....
